

# FIRE PREVENTION WEEK

**Plan Ahead!** *Everyone needs to know what to do and where to go if there is a fire.*

**SAFETY TIPS**

- MAKE a home escape plan. Draw a map of your home showing all doors and windows. Discuss the plan with everyone in your home.
- Know at least two ways out of every room, if possible. Make sure all doors and windows leading outside open easily.

- Have an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet.
- Practice your home fire drill at night and during the day with everyone in your home, twice a year.
- Practice using different ways out.

- Teach children how to escape on their own in case you can't help them.
- Close doors behind you as you leave.

**IF THE ALARM SOUNDS...**

- If the smoke alarm sounds, get out and stay out. Never go back inside for people or pets.
- If you have to escape through smoke, get low

- and go under the smoke to your way out.
- Call the fire department from outside your home.
