# FOXCROFT VALEDICTORIAN & SALUTATORIAN

## VALEDICTORIAN:

**FERN MORRISON** - Fern is the daughter of Steve and Mia Morrison of Dover-Foxcroft. She has a GPA of 3.98, has accumulated more than 300 hours of community service, and is a member of the National Honor Society. She has been a standout for the field hockey team and both the indoor and outdoor track teams and has been heavily involved with Key Club, Student Council, and the Student Tech Team. Morrison was born on an organic dairy farm and schooled at home until third grade. The years spent outdoors on the farm cultivated her love and appreciation for the environment and science, and she has decided to pursue a chemical engineering degree at Bucknell University in hope of eventually launching a research-based career in the renewable energies sector. "I thoroughly enjoyed the science classes I took at FA," she said. "My favorites include Mr. Rolleston's Chemistry courses, Mrs. Brennan's AP Physics, and Mr. Weber's AP Biology. More than just a great education, FA has provided me with a 21st century experience, punctuated with experiential opportunities beyond the walls of the Academy and boundaries of Dover-Foxcroft. I was able to attend seminars at Brown University and UCLA, participate in sports across New England, and conduct research at the University of Maine."

## SALUTATORIAN:

**JULIA ANNIS** - Julia is the daughter of Glenn and Jody Annis of Dover-Foxcroft. She has a GPA of 3.96, has amassed nearly 60 hours of community service, and is a member of the National Honor Society. She is a member of Latin Club and Student Council and starred for the varsity field hockey and swimming teams all four years at FA while also excelling for the basketball team her junior year. Annis will attend the University of Rhode Island and has enrolled in the six-year PharmD program, and she plans to work in a hospital after earning her Doctor of Pharmacy degree. She is also considering joining the varsity swimming team or club field hockey team at Rhode Island. Annis has lived in Dover-Foxcroft all her life. "I have experienced all that this small town has to offer," she said. "Living here surrounded by not only my immediate family, but also many relatives, has given me a great sense of comfort. I have chosen to leave Maine so that I can leave the comfort zone that Dover-Foxcroft has provided and expand my opportunities and experiences to something new."

## CONGRATULATIONS CLASS OF 2015

May your road in life be filled with success.

### The Road Less Traveled

By: Robert Frost

Two roads diverged in a yellow wood,  
And sorry I could not travel both  
And be one traveler, long I stood  
And looked down one as far as I could  
To where it bent in the undergrowth;

Then took the other, as just as fair,  
And having perhaps the better claim,  
Because it was grassy and wanted wear;  
Though as for that the passing there  
Had worn them really about the same,

And both that morning equally lay  
In leaves no step had trodden back.  
Oh, I kept the first for another day!  
Yet knowing how way leads on to way,  
I doubted if I should ever come back.

I shall be telling this with a sigh  
Somewhere ages and ages hence:  
Two roads diverged in a wood, and I—  
I took the one less traveled by,  
And that has made all the difference.
